OVERVIEW

Pablo Ft. Dino is official first fork of Dino V2 and it's based on token mechanism with UPTO functionality.

As usual Pablo is offering the high ROI same as his initial project in cartel and Miami. ROI will be 12% and it'll be based on staking cycle.

BUSINESS CYCLE

All investors will have to stake in dino tokens.

All staked tokens will have 12% daily ROI. On withdrawal date, lower of following will be allowed to withdraw.

- 2 % of TVL
- OR
- 50% of Claimed Tokens

Additional Information

Cartel Ft. Dino Offers 3x Return

Min Deposit – 1 Dino Token

Max Deposit – 10,000 Dino Token

DEPOSIT & WITHDRAWAL FEES

Cartel Ft Dino will charge 10% deposit and 10% withdrawal fees and 4% of out of it will be allocated to Dino TVL.

UNSTAKE & REFERRALS

Referrals will be 5% but direct withdrawal won't be possible. Referrals are required to be staked in mining platform and it'll go through the standard business cycle.

Unstake functionality won't be available for Cartel Ft Dino, and it'll help sustain the project and will eliminate the panic factor.

AUDIT

Due to earlier fraud because of immediate access to codes, Dino limited the access to current versions codes. Original platform was audited by George and all sub projects/ forks are authorized and audited by Dino himself with limited access to new admins. Please write to him directly for cross verifications.

Above is a one-page summary of all the changes incorporated in this fork. Rest everything is same as Dino V2. Please refer the original whitepaper for further information.
